**OBJECTIVE:** To obtain a professional career in the field of computer science, specifically in software, mobile, or full stack development.

**EDUCATION:**

High School, Coppell High School: *June 2018, GPA 5.2471/5.0*

B.S. Computer Science, The University of Texas at Dallas: *(Current) May 2022*

**SOFTWARE SKILLS:**

Programming Languages: JavaScript (JSON, Async, Node), Java (including Android), C++

Web Languages: HTML5, CSS3

Databases: MongoDB, Firebase

Libraries/Frameworks: Bootstrap, jQuery

**PERSONAL EXPERIENCE:**

**Software Development Intern – Kamusi Project** *September 2018 – Present*

- Work with back-end technologies like NodeJS and MongoDB.

**Founder and President of App. Development Club** *September 2017 – May 2018*

- Managed and Guided many aspiring high school students on the development of mobile applications.
- Focused mainly with Android Applications.

**PORTFOLIO/PROJECTS:**

- **eRecruit:** *Web Application*, a discord bot application that helps eSports recruiters to easily find and determine whom to recruit. Won **First** place at Gamechangers Hackathon 2018.
- **BitText:** *Android Application*, an app that utilizes the blockchain network to send messages. Won **Third** place at the SevenTablets Annual Hackathon 2018.
- **iCycle:** *Android Application*, an app that allows users to scan various objects and replies whether the object is recyclable or not.
- **KannaBot:** *Web Application*, a discord bot application that does all sorts of things from moderating servers to monitoring the crypto market. Gained experience in using API's and code optimizations
- **SitNEat:** *Full Stack Application*, a scalable project with the potential to become a startup. Still under development. First big project, and first experience developing a project in a large group.

**HONORS/AWARDS:**

- **Gamechangers Hackathon 2018 Winner:** Awarded **first place** for creating a discord bot application "eRecruit".
- **SevenTablets Annual Hackathon 2018 Winner:** Awarded **third place** for creating a mobile application "BitText".
